CARRIER PRICE LIST
1 April 1996 to 31 March 1997

Section 2

Interconnect Links

PART 2.01

CUSTOMER SITED INTERCONNECT

Notes :

- 1) The Connection Charge will be invoiced at the same time that BT first raises an invoice for the relevant BT 2 Mbit/s Link , or Signalling Link Set, as appropriate.
- 2) Rental is payable annually in advance.
- 3) Payment will be made by paying half a Signalling Link Set charge instead of an Intrabuilding Link Charge for each of the first two BT 2 Mbit/s Links for traffic to and from the Operator's System because the charge for a Signalling Link Set includes two Intrabuilding Links. Therefore, for any Interconnect Link including 2 Mbit/s Links, no Intrabuilding Link charges will apply prior to the placement of an order for a third BT 2 Mbit/s Link by the Operator.
- 4) Rental Charges will continue to apply to re-arranged links.
- 5) 2 Mbit/s link connection and rental are priced as Retail Private Circuits.

CARRIER PRICE LIST
1 April 1996 to 31 March 1997
